

Do I Need Discernment?

- Are you single and questioning your future?
- Are you in a "relationship" and uncertain about your mate?
- Do you need tools to make your relationship better?
- Are you tired of pouring time, energy, and money into relationships that start off great and end with heartache?
- Or perhaps you are single again and are afraid of making the same mistakes that resulted in so much pain in the previous relationships.

Sound familiar?

You know what? You are not alone! Join other singles, dating, and engaged couples in our Archdiocese, in a discernment activity that will change your life and how you understand relationship.

Discernment is a special gift which enables us to sift through all of our options. Discernment is not about "obligations," but about those things we desire in our hearts. It is not about choosing from available options, but about a discovery. Discernment as a process of discovery is not about "what I do," but about "who I am called to become."
